To whom it may Concern,

Working with Towne Millwork was a great pleasure. They are very well organized and definitely committed to producing quality workmanship and product.

During the renovation at BC Place they continually demonstrated they thoroughly understood the job and were determined to meet or beat the deadlines. Towne's crew of installers were able to cover a variety of tasks in a timely manner. They were also committed to providing the man power needed when facing a challenge.

I feel very confident that if we were to do another job of this size I would certainly call Towne Millwork to be involved.
